

How To Use Our LINKS online Library

You will need to email, call, or come in to LINKS so we can register you in the library system.

Go to www.linksprc.org

Click on Online Library

Enter an author, title, series, or subject

Browse through our titles as much as you like

If you find a title you want to check out: click on "Place Reservation" up in right hand corner

Log in: User Id is your phone # without the hyphen

Password is your last name

When the calendar comes up, click on the dates you want to reserve (today is the 16th, and you want to pick up the item on the 19th, click on the 16th-19th).

LINKS will get an email telling us what titles you've reserved.
